Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am unable to take the synthetic compounds from the drug companies. I must be able to get specialized medications from a compounding pharmacy out of my state. It's the only way I can control my medical condition. Don't restrict availability of my medicine from a specialized compounding pharmacy.
